

Summer League

Girls

General Information

Providing a positive structured environment for active participation in competitive basketball.

Middle School League:

This league is available for all girls entering grades 6-9 next Fall. This league generally runs from early June to late June. There will be a **6th - 7th Grade Division** and an **8th - 9th Grade Division** depending on the number of applicants.

Games will be on **Mondays** and each team will play 3 games each Monday. We will try to keep the players of equal talent on the floor at the same time. Please keep in mind that we create teams as fairly as possible based on the skill and ability ranking.

We plan to have high school players from Grand Forks Central and Red River coach the teams and work with the middle school players on fundamentals and other basketball skills. If you have to miss a night or two it is no problem as we will have 8-10 players per team.

A registration form will be available on our website as the season approaches.
